DECEMBER 2023

December is a month of joy and preparation for the festive season. Families get ready to meet up; some haven't seen each other for months, others even for years... Distances and difficulties give way to sharing and the precious moments of our lives. We're all doing everything in our power to ensure that the joy of our reunion shines through!

GAM, too, is delighted with the achievements of this year that is coming to an end. If we share this joy with you, it's because we've touched the hearts of so many people: the training has reached children in precarious situations, young adults far from school and, above all, because the empowerment has reached groups of Samburu women in vulnerable situations, as some of us were lucky enough to witness first-hand during our humanitarian trip last summer.

Finally, we are all very happy right now because you and we, together, have given a little more humanity to the world through sustainable projects.

Have a great time, and let the joy flow!

Merry Christmas!

In 2024, GAM asbl will support seven projects. Some of them were launched in 2023. They will take place on 3 continents: Asia (in Cambodia), Africa (in Kenya) and South America (in Colombia and Bolivia). The projects aim to support training, empowerment of women, infrastructure and organic farming. All contribute, in one way or another, to environmental and economic sustainability.

New for 2024, we have launched a school sponsorship campaign for 30 Cambodian children as part of GAM's literacy and education programme. It's very easy to support this project: one year's schooling for each child costs €33 per month or €393 per year.

Thank you for your solidarity and generosity!
